The Christ Episcopal School 2023-2028 Strategic Plan

The Christ Episcopal School 2023-2028 strategic plan, developed by the CES Board of Trustees lays out the vision and values guiding the school's development for the next five years.

As CES prepares students for the 21st century, we seek to build a holistic, whole-person learning experience for students and families, rooted in an engaged, diverse, and supportive, spiritual community that promotes resiliency and models good citizenship, and is supported by excellent stewardship of our community resources, faculty, and shared campus. We recognize that CES students, alumni, and families - under the Christ Episcopal Church Parish in Rockville - are part of and belong to a broader community.

The goals of the strategic plan fall under three interconnected themes. The CES education promotes:

1. Whole person learning & spiritual growth,
2. Engaged community, and
3. Excellent stewardship that mutually reinforce this vision for the CES educational experience.
